What are the key assumptions that have been made in the proposal?

Note: The costing will be developed on the basis of information and assumptions provided in the costing request. The professional judgment of the Under Treasurer will determine whether these assumptions are adopted in the costing of the proposal.

Delivery of this proposal includes a \$750,000 capital provision in 2025-26 for the design and fit-out of a community-based Perinatal Mental Health Safe Space. The ACT Health Directorate would work with key stakeholders to map and determine the appropriate location for this facility.

Depreciation has been calculated on a straight line basis with a useful life of 20 years with nil residual value. Useful life is assumed to start on 1 July 2026.

Financing for capital has been calculated at 5.25% from 2025-26 as the first year of borrowing capital funding and consistent with the standard costing parameters as below.

	2024-25	2025-26	2026-27	2027-28	Total
	\$'000	\$'000	\$'000	\$'000	\$'000
Financing Costs	0	-39.4	-41.4	-43.6	-124.4

This is included in the expenses line of this costing below.

What are the estimated revenue and operating costs each year (if available) and what are the capital requirements for this proposal and estimated costs each year (if available)?
